

## Low vacuum drain set

## Description

- Sets are available with bellow capacity 20, 50, 250 or 500 ml.
- Sets are supplied with or without PVC rain and needle, sterile, double packaged.

## Advantages

- Complete range for low vacuum suction
- Spare parts available for cost reduction
- Transparent material allows easy examination of the drained liquid

## Spare bellow

Code	Description	Capacity	Q.ty/box
MS/110/020	Spare bellow (flat design) *	20 ml	50
MS/110/050	Spare bellow (round design) *	50 ml	50
MS/110/250	Spare bellow (flat design) *	250 ml	40
MS/110/500	Spare bellow (flat design) *	500 ml	30

## Bellow with connection tube

Code	Description	Capacity	Q.ty/box
MS/111/250	Bellow (flat design) with connection tube	250 ml	40
MS/111/500	Bellow (flat design) with connection tube	500 ml	30

## Bellow with connection tube and PVC drain

Code	Description	Capacity	Drain size	Q.ty/box
MS/112/020/Ch.	Bellow (flat design) with drain*	20 ml	Ch. 06-08	50
MS/112/050/Ch.	Bellow (round design) with drain*	50 ml	Ch. 06-08	50
MS/112/250/Ch.	Bellow (flat design) with connection tube and drain	250 ml	Ch. 06-18	40
MS/112/500/Ch.	Bellow (flat design) with connection tube and drain	500 ml	Ch. 06-18	30

## Bellow with connection tube, PVC drain and needle

Code	Description	Capacity	Drain size	Q.ty/box
MS/113/020/Ch.	Bellow (flat design) with drain and needle*	20 ml	Ch. 06-08	50
MS/113/050/Ch.	Bellow (round design) with drain and needle*	50 ml	Ch. 06-08	50
MS/113/250/Ch.	Bellow (flat design) with connection tube, drain and needle	250 ml	Ch. 06-18	40
MS/113/500/Ch.	Bellow (flat design) with connection tube, drain and needle	500 ml	Ch. 06-18	30

\* Connection tube not needed.
